

ICDEM 2010: 2nd International Conference on Data Engineering and Management

Organized by **Bishop Heber College(Autonomous)-India** and **Center Virtual De La Connaissance Sur L'Europe-Lexumbourg**

Bishop Heber College, Tiruchirappalli - India. July 29-30, 2010
<http://www.demfoundation.org>

The second ICDEM conference addresses research issues in modeling, designing, building, managing, and evaluating advanced data-intensive systems, applications and technologies. It is a growing forum for academicians, researchers, developers, students and users to explore innovative ideas and to exchange techniques, tools, and their experiences. We invite the submission of original research contributions and industrial papers in all areas of Data, Information and Knowledge Engineering and Management.

ICDEM 2010 will be held at Bishop Heber College which is a pioneer non-profit Christian higher educational Institution and is located in Tiruchirappalli, India. Tiruchirappalli is one of the ancient cities of Tamil nadu which is known for Rockfort, a famous castle then converted into a temple and many other attractions.

Submission Guidelines

All submissions in PDF must be prepared in Springer LNCS style (<http://www.springer.com/computer/lncs?SGWID=0-164-7-72376-0>), failing which the paper will not be considered for review. Research and industrial paper submissions are limited to 8 pages. A paper submitted to ICDEM 2010 cannot be under review for any other conference or journal during the entire time it is considered for ICDEM2010, and it must be substantially different from any previously published papers. Submissions are reviewed in a double-blind manner. Submit online your papers in PDF at <https://cmt.research.microsoft.com/ICDEM2010/>

All accepted papers will appear in the proceedings published by a leading publisher with ISBN number. The best papers from the presented papers will be selected for extended versions to be published in Springer CCIS series (approval pending) and selected journals as special issue.
